

TRANSPORTATION & WAREHOUSING SERVICES

INCREDIBLE SERVICE IS OUR PURPOSE

Purpose Transportation will work with you to develop a customized plan for your transportation needs and ensure that your freight gets to where you need it on time, the first time.

GYM and FITNESS EQUIPMENT

Keeping the equipment that keeps you in shape safe during shipment is a tough business. We have strength and experience that makes Purpose Transportation the choice for shipping your gym and athletic equipment – either across the country, around the world or even across town.

The many moving parts of weight lifting equipment, complex electronic cardiovascular machines, and other heavy gym equipment make moving these high-value items a complex process. Purpose Transportation understands all the details involved in shipping heavy, sensitive and technologically-enhanced athletic equipment; we work with you to ensure every aspect of the move goes as planned.

You'll find it reassuring to work with a partner who knows serving your customers often means we must work odd hours and perform with extreme diligence to make sure the right people are on site when needed so no one misses those early-morning workouts.

Our range of services to accommodate your gym and athletic equipment move include:

- Truckload or Less-Than-Truckload Service
- Lift Gates for Non-Dock Situations
- Inside Pick-Up and Delivery
- Various Sizes of Air-Ride Vans to Accommodate any Load and Delivery Site Restrictions
- Flexible Scheduling to Meet Your Tight Time Frame
- On-Site Assistance
- Air Freight
