

TRANSPORTATION & WAREHOUSING SERVICES

INCREDIBLE SERVICE IS OUR PURPOSE

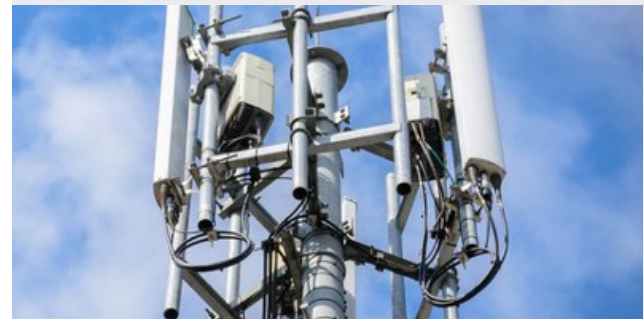

Purpose Transportation will work with you to develop a customized plan for your transportation needs and ensure that your freight gets to where you need it on time, the first time.

HIGH-TECH & TECHNOLOGY

Transporting sensitive telecommunications equipment means meeting very specific needs and requirements. Whether it is delivering delicate equipment for a communications tower, shipping audio-visual components to conference centers and entertainment venues, or delivering large components for satellite farms, Purpose Transportation offers customized solutions for your exact situation.

Purpose Transportation can meet the requirements of the technology sector for urgent deliveries, whether for vital parts for a telecom's business or raw materials for the IT industry.

We recognize the security and risk elements involved in the movement and logistics of many high-tech products. Our tracking devices and high-end security solutions minimize the prospect of lost revenue, compromised brand integrity and delays in the supply chain. Purpose Transportations staff provides you information at every step to help you reduce loss. Our vigilance is the reason clients in diverse markets worldwide including aerospace, automotive, aviation support, energy, marine, pharmaceuticals and printed materials trust Purpose Transportation to deliver their goods efficiently, economically, and on time.
