INCREDIBLE SERVICE IS OUR PURPOSE

Purpose Transportation can also assist with compliance programs. This benefits our clients by helping eliminate costly delays, potential fines, and red flags with Customs and FDA

MEDICAL INDUSTRY

Medical Equipment

When it comes to shipping Medical Equipment, look no further than the expert team at Purpose Transportation. From packing to delivery, medical equipment needs to be carefully protected from moisture, shock, and vibration. Delicate and extremely valuable items must be delivered with special care. And how and who delivers it makes an impression on your customers. Medical equipment requires special handling that starts with the pick-up and ends with the delivery. Purpose Transportation will create a personalized shipping plan that fits your needs, including Less Than Truckload, Full Truckloads, and Power Only (transporting your Mobile Units), to Expedited and Time-Critical shipping, and International Air and Ocean Containers (full or partial). When time is at the utmost importance, we have a network fleet of aircraft to Charter any size equipment needed. Our staff is available 24/7 for any emergency needs, day or night.

We also handle US Customs Clearance:

Purpose Transportation is well versed in the nuances involved in clearing medical devices through US Customs, along with the FDA requirements such as:

- Device Listing Numbers
- Premarket Notification 510k
- Shipper and Manufacturer FDA Registration Numbers
- Proper Classifications

We maintain a database of systems and parts with proper classifications for our clients.
